Laminating

We recommend protecting the printer surface when it is subjected to abrasion, sweat or other mechanical influences.

In this case, we recommend protecting the image with self-adhesive laminating films or appropriate liquid lamination.

Technical data

Material base 100% cotton canvas
Thickness 440 um
Weight 370 GSM
Dimensions 1370 mm x 25 m

Storage

After printing we recommend to remove the remaining roll from the plotter and store it in the closed original packing in a cool and dry environment

Notes

Due to the natural components of the cotton in the raw textile, the surface finish of the media can slightly vary. Also, slight colour deviations can occur from production to production.
